

Homeschool Program

Students in grades 1, and grades 3 – 10 have the option of registering for our Homeschool Program. This program consists of parents and students completing the Pflaum Gospel Weeklies at home each week. Students will write a brief paragraph about something they could relate to in the homily and the Gospel for each week. Students will submit their assignments to the Office of Religious Education at the end of each month and will attend 5 group meetings per year.
